PROFILE SUMMARY

Dynamic and dedicated professional with a strong passion for Information Systems and Industrial Sociology. Proficient in computer technologies, including Python, Excel, and Access, with a proven ability to adapt to diverse environments and foster inclusive platforms for collaboration. Skilled in engaging with individuals from various backgrounds to ensure effective communication and representation.

EDUCATION

2023-2027 (Currently on a Leave of Absence)

UNIVERSITY OF CAPE TOWN

- Bachelor of Social Science-
Majoring in Information Systems & Industrial Sociology

WORK EXPERIENCE

Humanities Faculty Mentor

01/2025-03/2025

I mentor first-year students, helping them navigate university life, develop study strategies, and access key resources. I foster a supportive learning environment, offering guidance on time management, academic skills, and personal growth.

SKILLS

- Communication & collaboration
- Programming Languages (Python, C#, HTML)
- Microsoft Office
- Adaptability
- Critical & Computational Thinking
- Leadership
- Attention to detail

Data collector for the national living wage

11/2024-12/2024

Involved interacting with and surveying various individuals from all different backgrounds to collect feedback which would be used to determine the average wage and socio-economic conditions of South Africans.

Volunteer at SPCA

06/2022 - 08/2022

During my time I assisted with various activities taking care of animals such as cleaning kennels, replacing food and water, washing blankets and more. Furthermore, I was able to interact with and learn from different people from different walks of life.
